AMENDMENT

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

SIR:

In response to the Office Action dated July 8, 2002, please consider the remarks below
and amend the above-identified patent application as follows:

IN THE SPECIFICATION

Please amend the specification as shown below and in the marked-up copy following
this amendment.

Page 3, beginning at line 18, please replace the paragraph with the following text:

A
A second roller 22 is supported with its shaft ends 24a, 24b in bearing housings 26a,
26b which are fixed to the ends of supporting pivoting arms 28a, 28b of a supporting frame
which are interconnected via a cross-member 30. At the motor side the supporting arms 28a,
28b are, via bushes 31a, 31b, supported in bearings 32a, 32b, coaxially with the motor shaft
end 18a, 18b. The second shaft end 18b supports the pulley 34 which drives, via an endless
belt 36, the pulley 38 on the shaft of the, adjustable, roller 22.
